

# **Whiskers' Big Adventure**

Whiskers wakes up with a big smile and stretches his long, white whiskers. He runs to the backyard where he meets his best friend, Paws the Dog. They start playing together, chasing each other around the yard.

As Whiskers and Paws continue their play, they notice a stranger approaching. The stranger is carrying a big basket of toys. Whiskers' mother had always taught him to be careful around strangers, so he hesitates but then decides to say hello.

The stranger smiles warmly at Whiskers and Paws. They exchange greetings and share some toys from the basket. Whiskers enjoys a new squeaky toy while Paws plays with a frisbee.

It's time for Whiskers and Paws to go home. The stranger thanks them for a wonderful playtime and gives Whiskers a small treat as a gift. Whiskers' mother calls them inside, reminding them of the importance of always being polite and cautious with strangers.

It's important to explore but also be cautious around strangers.
